Absinthe Experience

Parisian or Modern...

Absinthe Experience

Commonly misconstrued, Absinthe is known to be a high proof, hallucinogenic spirit. In truth Absinthe was favoured by the wealthy bourgeoisie and cultural artists like Ernest Hemmingway and Pablo Picasso. Absinthe was a luxurious and classy beverage adored by the Parisians in the early years, enjoy the elixir as they did with our absinthe fountains or break the mould and indulge a tasting of the new age absinthes of today.
